

**ROTAREX**  
FIRETEC

**FIRE SUPPRESSIONS SYSTEMS  
KITS AND COMPONENTS**

## FIREDETEC | COMPACT FIRE SUPPRESSION SYSTEMS

### COMPLETE DETECTION & SUPPRESSION SYSTEMS, AVAILABLE AS PRE-ENGINEERED KITS FOR :

- Kitchens
- Fume hoods
- CNC machines
- Electrical cabinets
- Vehicle engines
- Agricultural equipment
- Recharging stations
- Hydraulic circuits
- Diesel generators
- Wind turbines
- Construction cranes
- and many more...

### A COMPLETE RANGE OF EXTINGUISHING AGENTS

- CO2
- Inert Gas
- FM200\*
- Powder
- Class F
- Water based

#### FULLY AUTONOMOUS:

No external power needed, no electricity.

#### 24/7 PROTECTION:

Automatically detects and suppresses fires at the source.

#### PLUG & PLAY SIMPLICITY:

Systems and kits are pre-configured to European VdS or NFPA 2001 specifications, modular & easy to install.

#### FAST AND EFFECTIVE:

Rapid reaction as soon as a fire starts, before it can damage equipment. Protects even most inaccessible spots.

#### HIGHLY ECONOMICAL:

Outstanding cost-performance ratio – less than \$1/day. Low maintenance.

## COMPONENTS FOR FIXED INSTALLATIONS

### ALL THE COMPONENTS NEEDED TO CONFIGURE A COMPLETE IG SYSTEM

- Components entirely compatible and interchangeable
- Easy and fast installation - No "bad surprises"
- System pre-tested and qualified
- Everything to the same high-specification
- Greater confidence in performance at the critical time
- Full warranty protection
- Ease of a single supplier

Rotarex makes it easy for system engineers and installers to choose the right components and to configure fixed suppression systems.

### INERT GAS 200/300 BAR CONSTANT DISCHARGE PRESSURE TECHNOLOGY

**VdS** Design software available

### EQUIPMENT FOR CLEAN AGENTS, INERT GAS AND CO2 SYSTEMS

A range of valves, actuators and accessories for clean agent systems, inert gas 200/300 bar and CO2 systems

## CYLINDER/VALVE ASSEMBLIES

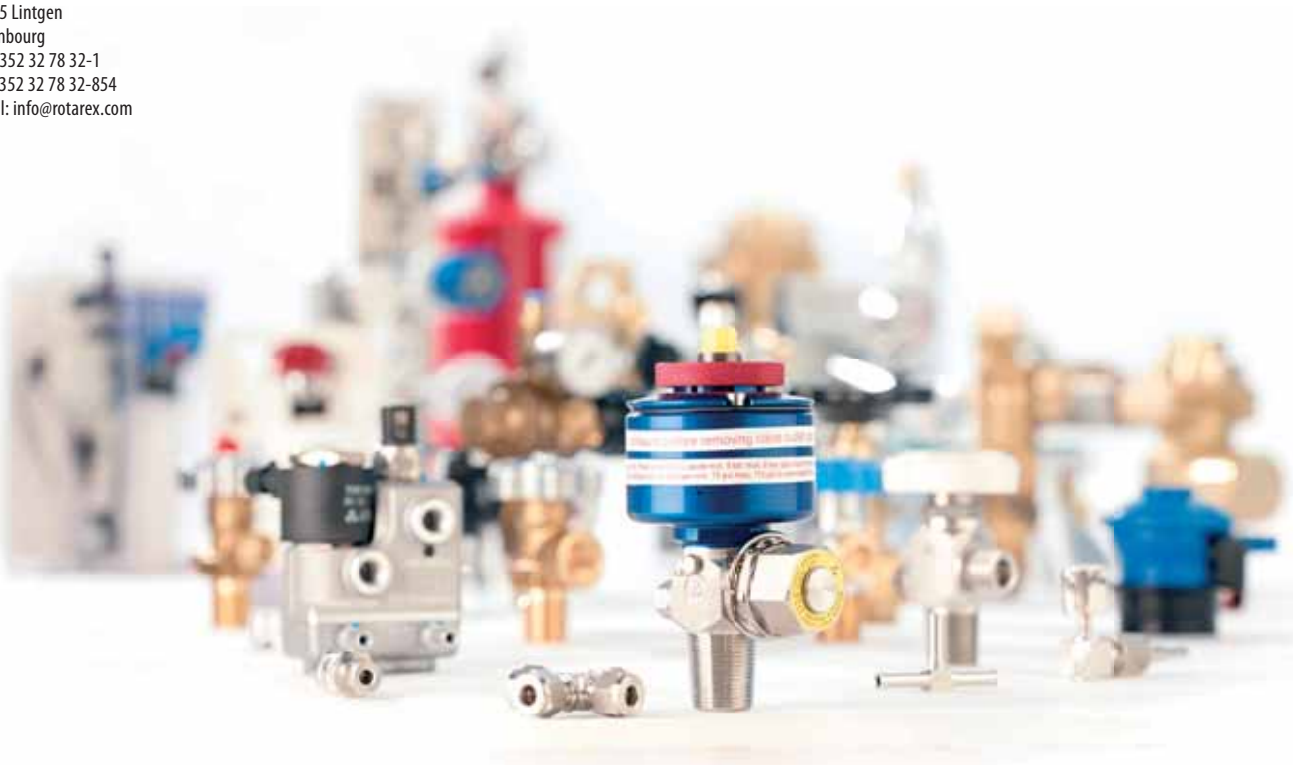

## HOSES, MANIFOLDS & ACCESSORIES

## WORLDWIDE HEADQUARTERS

### ROTAREX S.A.

## ROTAREX HISTORY

ROTAREX Firetec is part of the worldwide acting ROTAREX group. Rotarex is a Luxembourg entreprise specialized in the design and production of gas equipment, including valves, fittings, regulators and complete systems. Since its foundation as the Ceodeux compagny in 1922, the compagny has evolved from a regional producer of CO2 gas to a global leader in gas equipment across all applications, including Ultra high purity gas, medical gases, speciality laboratory gases, industrial processing, cryogenic gas, alternative energy vehicles, fire suppression systems, LPG gas and water carbonation.

We are longstanding partners with most of the world's largest Gas companies Automobile manufacturers, Oil&Gas companies, Microchip manufacturers, Firefighting system manufacturers and Carbonization system makers.

Throughout the last 3 decades, the compagny has experienced rapid expansion and now generates €150 million turnover, has 1150 dedicated employees, 10 factories, 4 R&D Centers and 29 country sales offices.

Due to our unmatched expertise, drive for technical superiority and global infrastructure, Rotarex can provide highest quality and best performing products to improve safety, performance and productivity of your operations.
